SKILLS

Languages:	C++, Python, C, Java, JavaScript
Tools/Platforms:	Docker, Neo4j, ETL, Informatica Developer for Data Quality (IDQ), MS SQL Server
Soft Skills:	Problem-Solving, Team Player, Adaptability, ProjectManagement

PROJECTS

Enterprise AI Chatbot Python, FastAPI, Ollama, GraphRAG, RAG, Neo4j	Jun' 26
- Developed an Enterprise AI Chatbot that delivers context-aware responses from organizational documents. - Built with FastAPI and Ollama, the system combines RAG with ChromaDB and GraphRAG with Neo4j, along with JWT authentication, role-based access, chat-history storage, logging, and MCP-based tool integration.	
Pocket C.A. Python, FastAPI, React.js, Ollama, SQLAlchemy, SQLite, JWT, REST APIs, Pytest MS SQL	Jun' 26
- Built a full-stack AI accounting assistant using React, FastAPI, and Ollama to provide conversational answers to accounting and finance queries. - Implemented JWT authentication, RBAC, user-specific chat history, profile management, admin APIs, and SQLAlchemy-based persistence. - Added Swagger documentation, API validation, logging, automated Pytest testing, and Docker-based deployment preparation.	
Food Delivery System (Swiggy/Zomato Clone) Java, OOP, DSA	Jun' 26
- Developed a CLI-based food ordering application with restaurant browsing, food search, cart management, checkout, and order history. • Applied OOP through modular User, Restaurant, FoodItem, Cart, and Order classes and used ArrayList, Queue, and LinkedList for data management. • Implemented linear search, Comparator-based restaurant sorting, quantity management, input validation, and dynamic order-total calculation.	

TRAINING

Cipher Schools (Edtech Company)	Jun' 26 – Jul' 26
Generative AI with DSA, system design and Dynamic Programming	
- Self-trained in Python, Machine Learning, FastAPI, and REST API development through hands-on projects. - Built AI-powered applications using FastAPI, Ollama, RAG concepts, and databases. - Learning Computer Vision and Deep Learning for image-based AI projects. - Practised Java OOP and Data Structures while developing a Food Delivery System	

CERTIFICATES

Generative AI	Jun' 26
Data Structure and Algorithms	Jun ' 26
Python HackerRank	Mar' 23
SQL HackerRank	Mar' 23

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug' 24 – Present
Computer Science and Engineering; CGPA: 7.37	
Montessori Cambridge School	Pathankot, Punjab
Intermediate	Mar' 23 – May' 24
Percentage: 74.2%
